Problem

Moderns scammers often use Simcards registered using other people documents. These scammers often misuse these simcards for illegal activities like money laundering, UPI scams or terrorism related activities.

Solutions

Now there is a tool from the government of India to help you easily check all the simcard numbers registered under your name.

Here is the link to check registered sim cards under your name:

<https://tafcop.dgtelecom.gov.in/>

Enter one of your mobile number and request OTP

Swipe →

Once you verify the OTP you will be able to view all registered mobile numbers under your name.

You can also block numbers not recognised by you by clicking “ This is not my number”

TAF COP
Telecom Analytics for
Fraud management & Consumer Protection

List of Mobile Numbers registered on your IDs

You may choose to select the numbers that are not in your name or not required, and submit your Report.
No action is required for the numbers you need to retain.
If your mobile number is activated as corporate connection then all related mobiles of your corporate will be listed.

Showing 2 numbers	<input type="text"/>	Track/Cancel	Name of user	<input type="text"/>			
<input type="checkbox"/> +91 99XX XX6456	<input type="button" value="This is not my number"/>	<input type="button" value="Not required"/>	<input type="button" value="Required"/>	<input type="checkbox"/> +91 70XX XX5544	<input type="button" value="This is not my number"/>	<input type="button" value="Not required"/>	<input type="button" value="Required"/>

Blocking facility is currently limited to few states, but all states are being added soon
